

CAT 1 [SOLAR INSTALLATION TECHNOLOGY]

1. There are three main type of photovoltaic cells, State and briefly explain each of them. 6MKS
2. Briefly state and explain any three factors that affect the solar panel efficiency. 6MKS.
3. A solar system has six main components, state and explain each of them. 12MKS.
4. There are ~~various~~ ^{Three} methods of solar panel connections, state and briefly explain each of them. 6MKS.
